# Omar Ahmed

## Front end developer

01025891909 • Cairo • omarahmedt2460@gmail.com •www.linkedin.com /in/omarahmed2004

## SUMMARY

Experienced Front-End Developer specializing in **React.js**, **Redux**, **Node.js**, and **API Integration**. Skilled in creating **dynamic**, **responsive**, and **user-centric web applications**. Passionate about optimizing performance, implementing best practices, and working in agile environments to deliver high-quality web solutions.

## PROJECTS

**Portfolio (Demo)**
Technologies Used: React JS, Tailwind, Three.js, Typescript

- Developed a fully responsive personal portfolio with an interactive 3D hero section and tabbed skill showcase, leading to a 45% increase in average session duration through enhanced UI/UX.
- Highlighted top projects with live demos and GitHub integration, boosting recruiter engagement by 60% and significantly improving personal brand visibility.

**Admin Dashboard (Demo)**
Technologies Used: React JS, Tailwind, Three.js, Typescript

- Built a real-time product management dashboard with data visualization and mobile-responsive design, improving product tracking efficiency by 25% and reducing task completion time by 15%.
- Integrated RESTful APIs, cutting down data fetching time by 30% and enhancing the workflow efficiency of users.

**Desktop Chat App (Demo)**
Technologies Used: HTML, CSS, JavaScript,GSAP,Anime.js

- Built a fully responsive and animated Chat App with 3D UI components and advanced features like Dark Mode, file upload, and calendar integration — increasing user interaction time by over 50%.
- Enhanced accessibility and experience with font size control, smooth loading animations, and an interactive welcome flow, leading to a 40% boost in user retention during testing.

## EDUCATION

**Al Safwa High Institute of Engineering** - *Cairo,*

Computer Engineering – Sep 2022 – Sep 2026

**DEPI** – *Cairo,*

Front end development – Oct 2024 - Jul 2025

## SKILLS

- **Languages & Technologies**: Proficient in front-end technologies including HTML5, CSS3, JavaScript, React.js, Node.js, Redux, RESTful APIs, and Graph QL. Experienced with state management using Redux, Context API, and use Reducer.
- **Design & UX**: UI/UX design, responsive design, mobile-first design, user-centered interfaces
- **Performance Optimization**: Optimizing website speed and performance, including techniques such as lazy loading, image optimization, and responsive design to ensure fast load times across all devices.
- **Version Control & Collaboration**: GIT, Agile methodologies, cross-functional teamwork
- **Web Animations**: CSS transitions, JavaScript animations, interactive design
- **Cross-Browser Compatibility**: Browser testing (Browser Stack), consistent performance

## VOLUNTEER EXPERIENCE

**Egypt Digital Generations Initiative – Graduation Ceremony**– Cairo, Egypt | Dec 2024

- **Led a team of 5 members** in project management and event coordination for a graduation ceremony. Delegated tasks, ensured smooth execution, and demonstrated leadership and time management skills.
- **Effectively communicated** with participants to ensure seamless event coordination, fostering a well-organized environment.
- **Managed time and resources** to ensure timely task delivery, contributing to the event's success and professionalism.
- **Addressed unexpected challenges** during the event, demonstrating adaptability and quick problem-solving skills.

## AWARDS AND HONORS

- **Best Project of the Semester Award** – Cairo, Egypt | June 2024
  Awarded for innovative design and exceptional security features in the **Bank System** project, developed in C++ for a university competition.
- **Certificate of Recognition** – Ministry of Communications, Cairo, Egypt | October 2024
  Recognized for exceptional leadership as team leader during the Pioneers Egypt Digital Leaders graduation ceremony, awarded by the Minister of Communications for contributions to the event's success.
